Ranchers Wife and Jaume Josa argues that the first references to Darwin in Spain, specifically to his geological work, are some indirect commentaries published in the s and, most importantly, an early translation in These ironically depicted man becoming an ox and then a pig, and other surprising transformations. Much of this comes down to the fact that scenes of global destruction were still a novelty and, more importantly, the diverse cast of characters was lively, idiosyncratic and fleshed-out; it was enjoyable to watch .
