Many were opposed to this idea on general principle because they thought it would lead to even more sin, and one needed fear of hell to keep them in check. Site Credits. In this regard, microfinance has been the focus of development and poverty reduction activities for some time now Khandker, yet because of the conflicting evidence from empirical studies policy analysts and political entrepreneurs still know relatively little about the extent of poverty reduction possible through microfinance institutions. But at the sight of the child it took on a softer expression, and there was something deeply melancholy about it when the words escaped from his lips: Child.
